HAMVENTION 2020 CANCELED

SWAINS ISLAND DXPEDITION POSTPONED

The W8S DXpedition to Swains Island in the Pacific, set to take place in mid-March, has been postponed until September as a result of travel restrictions imposed on individuals entering American Samoa, stemming from the recent coronavirus outbreak. The Department of Health allows non-residents to enter American Samoa only via Hawaii after a 14-day mandatory quarantine, and the DXpedition was unable to accommodate that requirement.

"Everything is prepared for our DXpedition, and we are eager to go, but unfortunately the coronavirus outbreak is out of our control," the DXpedition team said in announcing the delay. "Although this is a disappointment for everyone, the W8S DXpedition is not cancelled, just postponed for later this year."

The DXpedition said it would alert the DX community as soon as it has new firm dates for the trip.

CLARIFICATION ON INDIANA HB 1070

As sent by ARRL Indiana Section Manager, Jimmy Merry, KC9RPX, following is some clarification regarding the operation of mobile amateur radio gear.

Signals from the Past:

From the March-April, 1960 *Amachewer*:

As most of our attention is directed to what is new in the way of amateur gear and new applications which effect (sic) us directly, we sometimes fail to keep an eye on what the commercial end of the business is doing. As an example, we keep that very tough 13 WPM in mind and strive to inch it up into the twenties, while in the commercial field they are now using “broadband circuits” to transmit information in 45 seconds as will be found in a 50,000 word book.

Upcoming Area Radio Events:
